

Industrial Decarbonisation in Action

Date: Wednesday December 6

Time: 09:30 – 17:00 GST (**registration from 09:00**)

Location: Madinat Jumeirah Conference & Events Centre

Agenda:

9:30 | Opening keynotes and breakfast

Aniruddha Sharma, Chair and CEO, Carbon Clean

Ruth Herbert, CEO, CCSA

10:30 | Accelerating the delivery of industrial decarbonisation interactive panel

Attention should be focused on stopping emissions reaching the atmosphere and carbon capture, utilisation and storage (CCUS) is a necessity, not an option for industrial decarbonisation. This panel will focus on strategies, green premiums and what it takes to bring technology, industrials, and finance together.

Speakers:

Madeleine Gilborne, Head of Clean Technologies, VP Energy Division,
Alfa Laval

Irina Gorbounova, Head of XCarb Innovation Fund, ArcelorMittal

Julian Mylchreest, Executive Vice Chairman, Bank of America

Catherine Raw, MD for Thermal, SSE Thermal

Moderated by:

Krishna Kumar Singhania, Chief Growth Officer,
Carbon Clean

Wednesday December 6
09:30 - 17:00 (GST)

11:15 | Networking break

11:35 | CycloneCC Technology Spotlight

Prateek Bumb, Co-founder and CTO,
Carbon Clean

11:45 | Advancing next generation carbon capture technology panel

The next generation of CCUS technologies, coupled with private-public partnerships and policy enhancements, can reduce the cost to help deliver large-scale deployment. This session showcases the innovations that are needed to support hard to abate industries.

Speakers:

Hanan Balalaa, SVP of New Energies, ADNOC
Geert De Raedemaeker, Vice President Manufacturing, Fertigllobe
Wonsik Cho, VP Sustainable Technology Business, Samsung Engineering

Moderated by:

Aniruddha Sharma, Chair and CEO, Carbon Clean

12:30 | Market Spotlight

Harry Bowcott, Senior Partner, McKinsey

Wednesday December 6
09:30 - 17:00 (GST)

13:00 | Networking Lunch

14:00 | The role of CCUS clusters in enabling industrial decarbonisation in the US – a report launch with the Energy Futures Initiative

Speakers:

Ernest J Moniz, CEO of the EFI Foundation and former US Secretary of Energy

Jeff Brown, MD, Energy Futures Finance Forum

15:00 | Growing the CCUS value chain panel

This session will focus on how business leaders and policymakers are developing CCUS value chains, the challenges that have been encountered to date in so doing, and steps which can help the rapid development of the value chain.

Speakers:

Jeremy Harrell, Chief Strategy Officer, ClearPath

Kristjana M. Kristjánsdóttir, Chief Commercial Officer, Carbon Recycling International

James Janoskey, Managing Director, JP Morgan

Moderated by:

Iain Tobin, Chief Corporate Officer & CFO, Carbon Clean

Programme continued...

Wednesday December 6
09:30 - 17:00 (GST)

15:45 | Developing common standards to support CCUS growth panel

If CCUS deployment is going to grow at the scale needed, standardisation will be needed across the supply chain. This discussion will focus on priority areas for establishing common standards and steps industry and policymakers can take to bring this forward to de-risk CCUS projects.

Speakers:

Olivia Powis, UK Director, CCSA

Vicente Saiso, Vice President of Global Sustainability, CEMEX

Claude Letourneau, President & CEO, Svante

Moderated by:

Aniruddha Sharma, Chair & CEO, Carbon Clean

16:30 | Closing keynotes

Alex Milward, Director, Carbon Capture Utilisation & Storage,
Department for Energy Security & Net Zero

17:00 | Happy hour

18:00 | Close
