

Health, Safety, Environment & Quality Policy Statement

The Carbon Clean mission is to deliver *Net Zero* to our clients globally.

Our vision delivered in a manner, which reflects our values of *Innovation* and *Collaboration* will be implemented in each country, where we conduct business.

The *Agility* with which we develop and implement our technology will be based in the *Excellence* of our people, who are the key asset of the company.

The health and safety of our people and supply chain are paramount, as is the quality of our technology to meet and go beyond our client's expectations.

The environmental mission is global and for the benefit of all humanity.

To enable the mission, we will put *Policy into practice* every day as the leaders in our field.
